YMCA CAMP CAMPBELL
TRADITIONAL OVERNIGHT CAMPS

TRADITIONAL OVERNIGHT CAMP

OUR PROGRAM
Our two-week program emphasizes growth and strengthening character values in all campers. Throughout the program, campers learn more about themselves and how to work together as a cabin group. Whether it is playing an all-camp game, learning new skills in an activity session, eating meals in the dining lodge, or dressing up for our Wacky Tacky Tuesdays, campers form meaningful relationships, try new things, and have tons of fun.

Camp is full of traditional outdoor activities like campfires, hikes, skits and songs, cabin cheers, and the chance to sleep under the stars. Over two weeks, campers disconnect from the technology and distractions of outside life. Here at camp, our number one priority is providing a safe, positive camper experience. We believe that campers are most successful when given the opportunity to push themselves out of their comfort zones and discover resiliency, responsibility and confidence in themselves.

SKILL DEVELOPMENT
At YMCA Camp Campbell, we value camper’s choices by giving them a voice. Campers are asked to pursue four activity areas they are passionate about. Campers participating in the traditional two week program will work towards progressing, developing, and achieving new skills in their two week long activity choices. Campers get to try additional activities on camper choice days.

Progressive: Throughout the two weeks campers develop their skills and abilities in these four activity areas.
Discover: Campers are given additional activity choices during the week to try new activities and discover what he/she can achieve away from home and school.
Achieve: Through these achievements campers build confidence, knowledge, and a new found sense of excitement to learn. Achievements are celebrated at the end of each two week session.

CABIN LIFE
One of the best parts of camp is meeting new people and spending time together as a cabin. In cabins, campers of similar ages live together and learn to make lasting friendships. Campers develop camaraderie with their cabin mates and counselors as they learn to make decisions as a group. Our staff are positive adult role models that help campers take responsibility for themselves and others, work together to solve problems, and have fun at camp.

MEALS
Our kitchen staff prepare wholesome, kid-friendly food. Meals are a great time to meet new campers and counselors and to learn a sense of responsibility. While supervised by counselors, campers serve their own food and clean up their own table. Our menu is full of variety and options for our campers and we can accommodate most dietary restrictions.

MINI CAMP
SIX-DAY CAMP
Not quite ready for a full camp session? We offer a six-day, five-night program to introduce campers to camp and our program, and to get them ready for the full two weeks of camp. Campers spend their week doing fun activities, making lasting friendships, and living in a cabin with other campers of similar ages.

LEADER IN TRAINING (LIT) PROGRAM
Summer camp shapes strong leaders. In fact, studies have proven that camp equips young people for leadership like few other programs. Young people who participate as LITs emerge from their two week adventure confident and ready to rise to just about any challenge put in front of them.
LITs are teens that are ready to step up to the next level and prepare for their future roles at camp and society. The LIT program is a program that helps prepare teens for adulthood, college, and additional responsibility. It is an opportunity for teens to step away from technology and school pressures and grow together as a community that supports each other in trying new things, becoming strong role models and taking on challenges, like our Jr. Lifeguard Course.

COUNSELOR IN TRAINING (CIT) PROGRAM
This skill-based training program prepares teens to be camp counselors. The first half of this camp focuses on training in youth development, communication, leadership, activity planning, safety, and relationship building. CITs then put their skills into practice, getting involved directly with camp, including lesson planning and spending a week working alongside counselors with our young campers.
The CIT program prepares teens to be youth mentors both at camp and in their home community. Throughout the program our CITs have the opportunity to work on a service project to help ensure all youth have the opportunity to attend camp.
