Creating Opportunities Community Support Campaign 2010

Why should you donate?

Your gift changes lives.

We see it everyday.

This year, more than ever, we see people in need in our community. In tough economic times your dollars help provide more services to more people and improve programs and services that build strong kids, strong families and strong communities.

With every opportunity we give a child in need, we increase their chance of success. At the Southwest YMCA, we believe our success will always be measured by the lives we touch.

The Southwest YMCA's goal as a non-profit, charitable organization is to promote the healthy development of all kids and their families regardless of their financial means.

With your help we are raising \$120,000 in 2010. 100% of the funds raised will be used to support children right here in our community.

Please consider making a gift to our Strong Kids Campaign today.

\$25 Swim Lessons Give the gift of swim lessons and water safety to a young child.
